EXERCISING TOGETHER

FOR YOUTH DEVELOPMENT
FOR HEALTHY LIVING
FOR SOCIAL RESPONSIBILITY

**** All classes and instructors subject to change without notice due to instructor availability**

Cardiovascular- caters to heart health through fun and invigorating movements.

BODYCOMBAT- This interval training program is fiercely energetic and is inspired by mixed martial arts! Body Combat draws from karate, kung fu, boxing, taekwondo and muay thai to name a few. Supported by driving music, you will strike, punch, kick and kata your way through a lot of calories to superior cardio fitness.

STEP REMIX is a great cardio workout that mixes classic step fitness with resistance and core moves that makes this class not just a real calorie blaster but FUN too.

DANCE FUSION is a combination of dance styles ranging from Hip Hop to Latin. A true Fitness Party

ZUMBA "fitness dance party," uses Latin music and dance steps for a fun total body workout. Routines are introduced in segments

Functional Fitness-incorporates both heart pumping cardio and muscle focused strength training into a well rounded workout.

BOOTCAMP is like "recess for grown-ups" and combines a variety of exercises and drills to develop strength, speed, balance and agility while promoting teamwork. Class may be held outside, weather permitting.

H.I.I.T Total body workout with functional core movements and basic strength training. The moves are simple, engaging, basic, and progressive. Suitable for beginner to experienced.

R.I.P.P.E.D. is a "plateau proof fitness formula" that helps you to create continuity, consistency and challenge in each and every R.I.P.P.E.D. class. It is plateau proof, because each component of the workout provides a uniquely different emphasis or system response, so your body never gets accustomed to the constantly changing format.

TABATA - Offers a series of movements alternating between strength and cardio that are timed work/rest intervals. By definition performed in 6-8 rounds of 20 second intervals.

GET STARTED-(Intro to Group Fitness Classes) Get a little extra coaching, plus some inspiration, in an easy-to-follow class that includes a little cardio, a little strength, a little stretch and a lot of support. No prior experience needed.

SENIOR FIT CLASSES designed for seniors, and any individuals with limited mobility issues.

SF: CARDIO- using low-impact movements that focus specifically on building cardio endurance.

SF: BALANCE involves exercise to build strength in the core and lower body for improved stability and balance.

SF: CHAIR YOGA/YOGA relaxing stretches through various yoga poses in a seated or standing position.

SF: STRENGTH Focuses on building and maintaining muscle tone for improved bone density.

STRENGTH TRAINING uses resistance training equipment to perform exercises to strengthen and tone specified muscle groups

CORE AND MORE is designed to build core muscle groups while improving posture through performing a variety of exercises that strengthen the abdomen and back muscles and increase flexibility. The instructor may include a variety of equipment in this great workout.

KETTLEBELL AMPD takes heart-pumping music and your favorite kettlebell moves and combines them into 60 minutes of calorie-torching fun! This whole-body workout emphasizes group fitness and focuses on specific areas such as arms, legs, core, and cardio. Each song concentrates on a main area, while still maintaining a whole-body routine.

BODYPUMP is a 60-minute addictive workout challenges all of your major muscle groups by using the best weight room exercises such as squats, presses, lifts and curls. The key to BODYPUMP is the REP EFFECT, a breakthrough in fitness training focusing on high repetition movements with low weight loads building lean muscle, strength, and endurance.

Barre/ Pilates - classes designed with low-impact movements that strengthens the entire body

BALLET BARRE is a class that uses postures inspired by ballet and other disciplines like yoga and Pilates. The barre is used as a prop to balance while doing exercises that focus on isometric strength training combined with high reps of varied range-of-motion movements

BARRE CONDITIONING - is a combination ballet inspired floor exercise and strengthening work at the barre

FUSION FLOW is a Pilates and Yoga inspired workout that builds flexibility and strength and leaves you feeling centered and calm. A carefully structured series of stretches, moves and poses that brings the body into a state of harmony and balance.

PILATES/ PILATES with PROPS-Pilates is a full body-conditioning program that improves strength, flexibility, balance, control and muscular symmetry.

SOULBODY BARRE is a one hour, mindfully intense class broken down into 9 blocks of dynamic exercises using small isometric movements that work deep into the muscle, seamlessly transitioning to deep stretches to balance the body.

SOULBODY BARRE UNHITCHED is a one hour, mindfully intense class broken down into 9 blocks of dynamic exercises using small isometric movements that work deep into the muscle, seamlessly transitioning to deep stretches to balance the body. All done without the fixed barre, using a body bar and ball.

TOTAL BODY CONDITIONING is a strength, stretch and core conditioning class that integrates lengthening and strengthening exercises for the total body

YOGA/FLEXIBILITY

BEGINNER YOGA Incorporates flexibility, strength and balance while learning basic yoga poses, sequencing them together to create slow, strong and mindful flows.

GENTLE FLOW/ RESTORATIVE YOGA We seek to relax the body and mind through the use of gentle postures and yoga props allowing the nervous system to reset. Great for all levels.

YOGA FLOW is accessible to all levels. The practice promotes flexibility, balance, proper alignment, strength and relaxation by coordinating breathing with movement through various poses and meditation. The class offers modifications of greater or lesser difficulty so participants can select the option that works best for them.

INTRO TO VINYASA-a slower paced class to introduce the basic alignments and foundations of Vinyasa Flow.

VINYASA FLOW - Vinyasa is a multivalent Sanskrit term with various layers of subtle meaning. Vinyasa Flow commonly refers to a style of yoga which incorporates breath synchronized movement, along with other ancient techniques, such as bandhas, breath, and dristi or focal points. We strongly recommend this class only for experienced practitioners.

YIN YOGA is a quiet and simple practice, but not necessarily an easy practice. Yin yoga works deeply into our body. It targets our deepest tissues of the body, our connective tissues - ligaments, joints, bones, and the deep fascia networks of the body - rather than the muscles.

YOGALATES is a fusion of Yoga and Pilates, focusing on gaining deep muscle strength and flexibility from the inside out. This class will improve your performance in everything you do, strengthening and lengthening those deep muscles and improving your core strength and balance.

TAI CHI is a non competitive, self paced system of gentle exercise and stretching. Each posture flows into the next without pause ensuring the body is in constant motion.

Indicates class suitable for children age 10-12 with adult supervision.

CYCLE/SPINNING

** Reservations are required. Reserve your bike online at: www.ymcanwfl.org/branch-schedules

***CYCLE CIRCUIT** is an intense exercise program featuring dynamic exercises like plyometrics, weights, and spinning bikes. **(75 min)**

SPINNING is an indoor cycling class that imitates riding outside on a real bike. Members ride as a group but decide their own intensity by choosing settings on their individual bike. Please bring a water bottle and towel to class. For your first class, please arrive 10 minutes early so the instructor can help you set up your bike. **(45 min)***

***XPRESS SPINNING** is the same great workout you will get in the regular spinning class, but only takes 30 minutes. Great for those who are newer to Spinning and regular Spinners.

Have you downloaded our app yet? It's easy to do. Just go to your app store on your phone, enter YMCA of Northwest Florida in the search box and click GET. It's that easy to stay up to the minute with classes, changes, and notifications. Help us save the environment and Go Green—download the app today.
