TIPS for New Members/Participants to any class.

1. Let your instructor know that you are new to class; that way they can make sure you get all equipment needed and they can offer you any options you may need.
2. Keep an open mind when trying something new. There is no pressure to know all the moves of the class because you are being led by a certified instructor.
3. Remember this is for you. Don't compare yourself to someone that has been coming to class longer than you. We have all had our first class and it can be intimidating.
4. Please let your instructor know of any existing condition that may affect your ability to exercise. This way they can offer modifications to keep you safe.
